Invest in our Future! Eurodoc Supports Initiative for Horizon Europe Budget Petition

Eurodoc supports the Institute for Science in Europe (ISE)'s campaign asking Member States to keep their commitment to Horizon Europe to € 120B, amidst the growing threat of cuts. Thousands of early-career researchers (ECRs) and national associations of ECRs signed and shared the petition. Anyone who wants to support the campaign can do so by clicking the link [here](#). Follow Eurodoc on [Twitter](#) and [Facebook](#) for updates.

Eurodoc with MCAA and YAE Call on EU Institutions to Ensure Free Circulation of Scientific Knowledge in a Joint Statement

The joint statement calling on EU institutions to ensure the right of researchers to share their research findings without embargoes or restrictions has been issued by three organisations representing early-career and senior researchers in Europe. The statement calls upon the European Commission to propose legislation ensuring that researchers always retain the right to share their publicly funded, peer-reviewed research findings. Detailed statements on the subject from each organization can be found [here](#).

International Symposium on the Impact of Plan S: Full Report Now Available

This event was organized by the Academia Europaea Cardiff Knowledge Hub and the KU Leuven Libraries in November 2019. The event included a panel on the impact of Plan S on early- and mid-career researchers, with Gareth O'Neill (former Eurodoc president and [cOAlition S Ambassador](#)), Véronique De Herde ([Eurodoc](#)), Toma Suzi ([YAE](#)) and Matthew Di Franco ([MCAA](#)). Noteworthy contributions came from Johan Rooryck (cOAlition S Open Access champion), Mark Schiltz (President of Science Europe) and other panels on the impact of Plan S on research institutions and learned societies. A full report can be found [here](#).

Stakeholder & Partner News

Express Your Opinion in the Research Integrity Questionnaire

The questionnaire is part of a larger project, conducted in collaboration with members of Eurodoc – [Working Group on Research Integrity](#), which involves ECRs from European countries (EU, EEA). It aims to investigate the adoption of research integrity practices among doctoral candidates, junior and senior researchers. The [survey](#) is anonymous, takes about 15 minutes to complete and is mobile friendly.

CESAER on Research Talent Circulation and Boosting Early-Career Researcher Careers

CESAER The Conference of European Schools for Advanced Engineering Education and Research ([CESAER](#)), a non-profit association of leading universities of science and technology in Europe, has released statements on the current problems within today's science. In its [latest position](#), CESAER expresses appreciation for the focus on how to reduce inequalities in the ERA and boost the sharing of excellence in Horizon Europe. Furthermore, it's latest [white paper](#) outlines ways to boost the potential of ECRs. All statements are available [here](#).

Practical Guide to Improving Gender Equality in Research Organisations

Check out this [practical guide](#) published by [Science Europe](#) – the association representing major European funding and performing organisations. It sets out examples of good practice and guides the further development of context-specific approaches, including: how to avoid unconscious bias in peer review processes, how to monitor gender equality, and how to improve grant management practises.

Open Calls

Role as Executive Officer for Project Implementation and Management

The Young Academy of Europe ([YAE](#)), a pan-European initiative of outstanding young scientists for networking, scientific exchange and science policy is looking for an Executive Officer to manage and implement the EU project “[CALIPER](#): Linking research and innovation for gender equality”. The CALIPER project is being undertaken by an international consortium, in which YAE’s role is primarily the dissemination of information. This includes organising and conducting video interviews, managing social media, producing newsletters and organising expert panel meetings. Detailed information is available [here](#).

Get a Grant to Attend EWORA World Café 2020 and 2nd EWORA Workshop

European Women Rectors Associations (EWORA) cordially invites early-career female researchers (max. 8 years after obtaining PhD) to submit a grant application to participate in the [Women in Leadership World Café 2020](#) and 2nd EWORA workshop. The application form is available [here](#) and the deadline for application is 2 March 2020.

European Open Science Forum (ESOF) in Trieste, Italy – Become a Volunteer

EuroScience Open Forum ([ESOF](#)) is calling for volunteers. If you are a science enthusiast and would like to meet Italian and foreign researchers, entrepreneurs, journalists, actors and artists, feel free to send your application to festival@esof.eu. Volunteers will help in the preparation of materials, provide information to visitors, accompany speakers, and supervise

exhibitions and events of the Festival. Deadline for applications is 31.03.2020.

Call for 15 PhD Positions in the ENHPATHY Innovative Training Network

[ENHPATHY](#) - training the new generation of researchers on the molecular basis of human enhanceropathies project - is advertising 15 positions for a 3-year PhD program at institutions across Europe. Positions are funded by the new Marie Skłodowska-Curie Innovative Training Network (ITN). Candidates with bioinformatics, genomics and/or molecular and cellular biology backgrounds are encouraged to apply. The application period starts on 15 March 2020. More information is available [here](#).

Upcoming Events

Responsible Research & Innovation for Real - Final Summit of 3-Year Project

19-20 March 2020
Rome, Italy

Take part in an event organised by the Fostering Improved Training Tools For Responsible Research & Innovation (FIT4RRI) consortium. FIT4RRI brought together experts who analysed and tested how to foster the real uptake of RRI and Open Science. The summit starts a new collaborative phase in the shaping of Open Science and society relations. Eurodoc will be represented at the [event](#) by President Eva Hnatkova.

2020 EUA Workshop on Open Science

18 May 2020
Oslo, Norway

European University Association (EUA) invites you to a workshop dedicated to the academic career assessment in the Transition to Open Science. The event will take place at the Research Council of Norway and you can register for the workshop by filling out the [registration form](#). The event is open to EUA members and selected partners, and is free of charge. Please check first if your institution is a member. Registration will close on 01.05.2020.

2020 EUA-CDE

European University Association Council for

Annual Meeting

24-26 June 2020

Manchester, United Kingdom

Doctoral Education (EUA-CDE) invites all to its annual meeting dedicated to the topic of: “[The role of doctoral education within Europe’s universities](#)”. The meeting is the largest and most comprehensive European event dedicated to doctoral education. Participants will discuss the interaction and collaboration of doctoral schools and similar structures with different services and other stakeholders within the institution. Registration will be launched early March. For the latest updates follow [@EUACDE](#) on Twitter.

Eurodoc - the European Council of Doctoral Candidates and Junior Researchers, is an umbrella organisation of national associations representing doctoral candidates and/or junior researchers in Europe.
